

These are the locations where we will need you from 11:00 – 12:30.

Floater up-stairs – Your job will be to coordinate with the students and teachers who are in the classrooms. Phil will be the leader for Grade 10 and Carleton for Grade 11. All others please help them. The goal will be to assist the students who are in the rooms with the teachers as they design costumes, practice short speeches, and make signs. They may need materials, which Kate will be in the Social Science office to provide. **Phil, Carleton, Adam, Tim, Win (Kate in Social Science Office)**

Food (downstairs) – Your job will be to assist the students as they prepare their foods. There are probably going to be a lot of challenges that we will need creative solutions to overcome. We will also hopefully be the first to sample some good food. **Dan, Abel, Kevin, Peter, Task, Puneet, Susan, Nom, Dew, all available Thai teachers, Thai building staff**
